

Chris Kondracki

Principal, Chief Investment Officer, Portfolio Manager

As Chief Investment Officer and Portfolio Manager, Chris is dedicated to helping clients achieve superior risk-adjusted returns and works closely with them to help them achieve their financial goals.

Chris has 36 years of experience in the financial services industry, having worked for several of the largest and most respected investment management and insurance companies prior to establishing Kondracki Advisory Investment Management in 2012.

Through referrals from our clients, the firm has grown considerably. We manage investments for a diverse group of investors throughout the United States, including, but not limited to, many former colleagues, friends, family members, business owners, professional investors, and so many others to whom they have referred us.

Chris is a graduate of Stonehill College where he received a Bachelor of Science degree in business administration with a concentration in finance. Chris lives in Hingham, Massachusetts with his wife and four children.

Tom Terraccino, CFA

Portfolio Manager

Tom's specific area of expertise and experience in stock selection, portfolio management, and investment analysis, is focused on significant growth and price appreciation opportunities. His professional experience since 2006 has focused on fundamental equity research, first at Prudential Equity Group in Boston and then at a hedge fund, Boston American Asset Management.

Tom spent over 15 years at Wilkins Investment Counsel in Boston where he developed an expertise in the technology and services sectors and served as Director of Equity Strategy.

As a graduate of Carnegie Mellon University, he received a Bachelor of Science degree in business administration with a concentration in finance, holds the Chartered Financial Analyst (CFA) designation, and is a member of the CFA Society Boston. He also serves on the Investment Committee of the Diocese of Fall River. Tom lives in Millis, Massachusetts with his wife and five children.
